STRENGTHS

🧍 People person

Dancing, working on group projects with fellow students, teaching programming and being part of the trainers team @TelerikAcademy, made team work as natural as breathing to me.
💙 Passionate learner

No matter if it comes to teaching or dancing, learning new things, skills and concepts has always been a great experience to me.

ACHIEVEMENTS

💡 Inspired a bunch of people to take up dancing and/or programming

My work as a technical trainer allowed to me reach out to many people and help them discover coding and/or dancing either as their job or a hobby.
